### 2005-2006 Award Highlights

Two thirds of all award recipients were women.  
The greatest proportion of men in any award category was 45% of AAS degree recipients.

The ethnic breakdown of award recipients mirror the ethnicity of the general student body with Hispanics representing the largest number of in all award categories. Black award recipients were the second largest and Whites the third largest in all categories except AAS where Whites were second and Blacks third.

The oldest average age of 34 belongs to the 49 AAS degree recipients.  
The youngest average age of 26 belongs to the 145 AS degree recipients.

The cumulative GPA for all award recipients was 3.08 with all award categories 3.01 or greater.

The top two associate degrees granted include AS.SCIENCE (Liberal Sciences) with 114 graduates; and AA.ARTS (Liberal Arts) with 100 graduates.

The top three Career and Technical Programs (AAS and Certificates) include Criminal Justice with 49 awards; Business Administration with 35 awards; and Personal Computer (CIT.PC) with 26 awards.

The 471 MVC 2005-2006 total awards are 83 less than the 554 total awards granted in 2004-2005. Technical AAS degrees and Certificates decreased 92 awards, while non technical AA, AS, and AAT degrees increased by seven.

**The 471 total awards were conferred to 395 individual students:** 338 earned one degree or certificate; 44 earned two degrees and/or certificates; and 13 earned three or more.
