

2009-2010 Mountain View College PRIORITIES

The "College Priorities" are developed each year by the Planning, Budgeting, and Assessment (PBA) Committee. These priorities consider current environmental factors and reflect the Mission and Goals of the "MVC 2008-2012 Strategic Plan." The "College Priorities" will be used in conjunction with the "MVC 2008-2012 Strategic Plan" to guide construction of the 2009-2010 Annual Unit Plans-Budgets and the College Budget.

2009-2010 College Priorities:

Mountain View College's primary focus for 2009-2010 will include the following priorities. College resource allocation including supplemental expense requests, unit-level planning, return week themes, professional development activities, grant proposals, and institutional decision-making will be guided by these priorities. **(NOT IN PRIORITY ORDER)**

- Increase enrollment to 8,000 credit students and 2,000 continuing education students by Fall 2010. *(MVC Goal 1)*
- Expand community focused workforce development initiatives such as weekend programs designed to upgrade individuals' career skills, and increase partnerships with local business communities. *(MVC Goals 1, 3, 4)*
- Continue to promote professional development for all employees to enhance rigor, relevance and relationships across instructional, student service, and administrative service areas. *(MVC Goals 1, 2, 3, 4, 5, 6)*
- Expand enrollment management, student retention, and college readiness initiatives. *(MVC Goals 1, 3, 4)*
- Ensure the transition into the new college facilities is successful overall with the success of our students the primary focus. *(MVC Goals 1, 2, 5)*
- All units will identify and assess Student Learning Outcomes or Student Learning Support Outcomes in 2009-2010. *(MVC Goals 1, 2, 3, 4, 5, 6)*
